2.31(e)(2)

Institutional Animal Care and Use Committee (IACUC).

The active teaching protocols did not include a rationale for the appropriateness of the number of animals to be used. The protocols contained the number of animals to be used per year but did not include how these numbers were calculated. An animal use proposal must include the rationale for the appropriateness of the numbers of animals to be used so that the IACUC can conduct a thorough review of the components of the activities related to the care and use of animals and determine that the proposed activities are in accordance with the Animal Welfare Act. Correct by ensuring that protocols contain rationale for the appropriateness of the number of animals to be used. Correct by 20-JULY-2026.

2.35(a)(1)

Recordkeeping requirements.

The facility could not provide a record of the meeting minutes for the IACUC meeting held on 1/14/2026. A facility representative was asked for the meeting minutes and they stated that those records were never created. Maintaining meeting minutes is important to document IACUC activities, reviews, discussions, and deliberations and helps demonstrate the functionality of the IACUC. A research facility shall maintain IACUC records such as minutes of IACUC meetings, including records of attendance, activities of the Committee, and Committee deliberations. Correct by ensuring that meeting minutes are recorded and maintained. Correct by 6-JULY-2026.

This inspection and exit interview were conducted with Facility Representatives.
