2.134(a)

Contingency planning.

A documented contingency plan for the facility was not available for review. Without adequate contingency planning, the animals at the facility may not be provided with appropriate protection and care in the event of an emergency.

The licensee must develop, document, and follow an appropriate contingency plan [in accordance with 2.134(a)(1) to (4)] to provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster (one which could reasonably be anticipated and expected to be detrimental to the good health and well-being of the animals in their possession). The plan must be available for review during APHIS inspections. The facility must correct this issue.
