Inspection Report

Cascades Raptor Center

32275 Fox Hollow Rd
Eugene, OR 97405

Customer ID: **6020355**

Certificate: **92-C-0196**

Site: 001
Cascades Raptor Center

Type: ROUTINE INSPECTION

Date: 25-SEP-2026

2.40(b)(2)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

There are several bottles of expired medications intermingled with non-expired medications intended for administration to animals as needed: Ivermectin injection (expiration date illegible), Vitamin B Complex (expired 09/2025), Epinephrine injectable (expired 10/2025), and Fenbendazole Oral Liquid (expired 01/2026). Utilizing expired medications or items with unknown expiration dates compromises animal welfare. Expired drugs may suffer from reduced potency or altered chemical composition, rendering them ineffective or capable of inducing adverse side effects. Failing to maintain facility pharmaceuticals can leave animal illnesses untreated or cause unnecessary distress from unrelieved symptoms. Furthermore, using expired emergency drugs like Epinephrine means critical life-saving interventions or anesthetic reversals may fail when urgently required. The licensee must use appropriate methods to prevent, control, diagnose, and treat diseases and injuries. Out-of-date medications are not appropriate methods to comply with this requirement.
TO BE CORRECTED FROM THE DATE OF THIS INSPECTION ON 09/25/2026 AND GOING FORWARD.

This inspection and exit interview were conducted with the facility representative.

You may appeal all or part of any inspection report by submitting a written statement contesting the findings—along with any supporting documentation—to the Deputy Administrator. Appeals of routine, focused, or attempted inspections must be received within 21 days of report issuance as shown by the signature line of this report.

Appeals may be sent by email to AnimalCare@usda.gov.

Appeals sent by mail should be addressed to:
