Type: ATTEMPTED INSPECTION

Date: 15-SEP-2026

2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 9:15am on 15 September 2026. The inspector attempted to contact the licensee by phone call and voicemail. Ten minutes later the licensee called back and said “you can’t see the animals because you refuse to go on a four-wheeler and we are not going out in the truck, it’s too muddy”. Use of a four-wheeler for APHIS inspection transportation is unacceptable due to the inherent dangers of the vehicle type, especially when traveling through enclosures covering dozens of acres and housing large horned African livestock. Failure to provide access to the facility, animals, and records for inspection is a violation of the AWA and regulations. Continued failure to provide access is serious and may result in enforcement action.

You may appeal all or part of any inspection report by submitting a written statement contesting the findings—along with any supporting documentation—to the Deputy Administrator. Appeals of routine, focused, or attempted inspections must be received within 21 days of report issuance as shown by the signature line of this report.

Appeals may be sent by email to AnimalCare@usda.gov.

Appeals sent by mail should be addressed to:
