Notification of change of operation.

A routine inspection was attempted on 03/19/2025 at 8:30 am. Upon arrival the inspector tried to locate the company's office at the address provided at the time of registration. However, the company's office could not be found. An online search yielded a different address for the registrant. Upon arrival at the new address the inspector was notified that the company moved to the new location approximately 2 months ago. An updated address is critical to verify animal welfare and compliance with the Animal Welfare Act. The address information in the Animal Care office is no longer valid. The registrant shall notify the Deputy Administrator by certified mail of any change in name, address, ownership or change of operation within 10 days after making such a change.

Correct this day forward of 19 March 2026.
