#### Veterinary care for dogs.

The facility does not maintain complete medical records for adult dogs. The facility states that the adult dogs were up to date on Distemper, Parvovirus, and Rabies vaccines, but they could not provide documentation for most vaccines administered. Failure to maintain adequate medical records may interfere with the ability of APHIS officials to determine if the animals are receiving adequate veterinary care. Complete medical records must be maintained and include the names of all vaccines and treatments administered and the dates of administration. Correct by documenting all treatments given and ensure that medical records are complete and contain the required information. Correct by 26-MAR-2026.
