Contingency planning.

During inspection and review of the contingency plan, the new general manager hired on 14 January 2026 had not trained on the contingency plan yet. Exhibitors must provide training for their personnel regarding their roles and responsibilities as outlined in the plan. For employees hired after the contingency plan is in place, training must be conducted within 30 days of their start date. The general manager is an integral part of the facilities emergency plan and should have been trained on it within the required timeline in order to ensure that in an emergency the animals' welfare is safeguarded.

Corrected during inspection on 13 March, 2026.

This inspection and exit interview were conducted with the general manager.
