Registration.

On May 20, 2026, an APHIS Official arrived at the research facility to conduct a routine inspection. At the time of inspection, it was determined that the animal facility was closed and no regulated activity was conducted at the research facility since July 1, 2025. The research entity changed its status as a research facility and failed to notify the Deputy Administrator. A research facility shall notify the Deputy Administrator in writing of any change in operations affecting its status as a research facility, within 10 days after making such change. Corrected on May 21, 2026 - Cancellation Letter sent to Deputy Administrator

An exit interview was conducted with facility representatives.
