3.154

Environment enhancement to promote psychological well-being.

3.154 – Environmental enhancement for birds

The birds at the facility did not have an environmental enhancement plan that was approved by the attending veterinarian. Failure to maintain and follow an approved written plan can be detrimental to the psychological health and well-being of the animals. The environment enhancement plan must be in place to promote the psychological well-being of the birds. The licensee must provide and follow an enrichment plan that is approved by their attending veterinarian.
