2.31(c)

Institutional Animal Care and Use Committee (IACUC).

The IACUC last inspected the animal facilities and reviewed the facility's program for humane care and use of animals in May of 2025. At least once every six months, the IACUC must review the faculty's program for humane care and use of animals and inspect all the animal facilities where animals are housed or used. A prepared report of its evaluations must be created and sent to the Institutional Official of the research facility as well as be available to an APHIS official at time of inspection. IACUC reviews and inspections assure the well being and proper care of all the animals.

2.36

Annual report.

The research facility did not submit their FY 2025 Annual Report until 1/9/26. All registered facilities must submit an annual report to the Deputy Administrator on or before December 1 of each calendar year. The report shall cover the previous Fiscal Year and is necessary to inform the Institutional Official and the USDA of the scope and extent of the animal use at the facility. The annual report shall include the numbers of live animals the facility used or intends to use in research, tests, experiments or for teaching. The facility must correct this issue.

*****Correct by December 1, 2026 for submission of FY 2026 report

This inspection and exit interview were conducted with the facility representative.
