PREPAREDNESS RESPONSE
AND EMERGENCY
PROCEDURES

Type: ROUTINE INSPECTION

Date: 08-MAY-2026

2.31(c)

Institutional Animal Care and Use Committee (IACUC).

The IACUC has not formally documented inspection of the animal facilities and reviewed the facility's program for humane care and use of animals. At least once every six months, the IACUC must review the facility's program for humane care and use of animals and inspect all the animal facilities where animals are housed or used. A prepared report of its evaluations must be created and sent to the Institutional Official of the research facility as well as be available to an APHIS official at time of inspection. IACUC reviews and inspections assure the well being and proper care of all the animals.

*****Correct from this day, May 8, 2026, forward.

2.36(a)

Repeat

Annual report.

The research facility did not submit their USDA FY 25 Annual Report to the Deputy Administrator on or before the extended deadline due date of 12/31/25.

Research facilities that use or intend to use live animals in research, tests, experiments, or for teaching shall submit an annual report, that covers the numbers of animals used during the previous Federal fiscal year. Timely submission of the annual report is essential to provide an accurate accounting of the total number of animals used and to ensure that professionally acceptable standards governing the care and use of animals were followed during the previous Federal fiscal year reporting period.

Correct by submitting the FY 2025 Annual Report by May 20, 2026.

This inspection and exit interview were conducted with the facility representative.
