Type: ROUTINE INSPECTION
Date: 14-SEP-2026

2.131(c)(1)

Handling of animals.

***The facility has an encounter area in the capybara enclosure where customers are allowed to enter and be seated to feed and pet the capybara. An attendant is said to be present during all encounters. On September 7, 2026 a young child was bitten by a capybara during one of these encounters. The facility failed to protect a member of the public from injury during the encounter.

During public exhibition all animals are required to be handled so there is minimal risk of harm to the animal and to the public with sufficient distance and/or barriers between the animal and the viewing public.

This inspection and exit interview were conducted with the Owner.

You may appeal all or part of any inspection report by submitting a written statement contesting the findings—along with any supporting documentation—to the Deputy Administrator. Appeals of routine, focused, or attempted inspections must be received within 21 days of report issuance as shown by the signature line of this report.

Appeals may be sent by email to AnimalCare@usda.gov.

Appeals sent by mail should be addressed to:
